**ANNOUNCEMENT**

## WELCOME MESSAGE

Dear Friends and Colleagues,

On behalf of the Organizing Committee, we have the pleasure of informing you that **The 28<sup>th</sup> Annual Meeting of the Indonesian Neurosurgical Society (INS) in conjunction with the 16<sup>th</sup> Asian-Oceanian International Congress on Skull Base Surgery and The 6<sup>th</sup> Asian Congress of Neurosurgical Nurses**, to be held on **June 6<sup>th</sup> – 9<sup>th</sup>, 2024** at **International Convention Exhibition (ICE) BSD, Tangerang City, Banten and Faculty of Medicine, Pelita Harapan University, Karawaci, Tangerang City.**

The theme chosen is **“Strengthening Regional and Global Neurosurgery Network.”**

The organizing committee is currently working on the details of the program, which consists of advanced and application workshops on the various topics presented by resource persons from within and outside the country.

Please visit the conference website **www.aosbs-ins2024.org** for a detailed program, registration, and accommodation booking with a special rate for the congress participants.

We also invite our fellow neurosurgeons and residents to submit scientific papers and join the free paper competition. Upload your abstract at the congress website **www.aosbs-ins2024.org** before **Tuesday, May 7<sup>th</sup>, 2024.**

Please make sure to block these dates and bring your family as well to join us in a unique, full of culture, and beautiful city, Banten.

We look forward to meeting you soon

Sincerely,

**Joni Wahyuhadi**  
President of INS

**Satyanegara**  
Chairman INS Banten  
Branch

**Eka J. Wahjoepramono**  
President of AOICSBS

**Description :**  
Endovascular techniques and therapies are always evolving, adapting to the needs of the neurosurgeon. New devices and tools are always being created. This development requires a lot of familiarization and training using advanced models, so we can use them effectively for our patients.

In this workshop, the manufacturers and distributors will showcase their latest and most popular products in endovascular neurosurgery. Participants will be able to try them in the "Mentice" advanced simulator and will have the opportunity to discuss cases with worldwide experts.

## WORKSHOP ENDOSCOPIC SPINE NEUROSURGERY

**Thursday, June 6<sup>th</sup>, 2023 || Time: 13.00 - 18.00**  
at San Diego Suites Funeral Home & Mortuary, Siloam Lippo Village Hospital

**Description:**  
Endoscopic spine surgery is an essential part of a neurosurgeon's skills. The combination of minimally invasive technique, and the added benefits of clear visualization and advanced technology, should be very interesting for the next generation of neurosurgeons.

This workshop offers a combination of basic material for those new to the field, and advanced material for expert users. We will cover the essential full-endoscopic translaminar technique, and the endoscope-assisted Destandau and Biportal techniques. There will also be a demonstration of Percutaneous Stabilization and Foraminoplasty that can be performed, depending on the participants' speed.

## WORKSHOP TRANSORBITAL ENDOSCOPIC APPROACHES (SUPERIOR AND LATERAL) TO THE SKULL BASE

**Thursday, June 6<sup>th</sup>, 2023 || Time: 13.00 - 18.00**  
at Faculty of Medicine, Pelita Harapan University

**Description:**  
Endoscopic Transorbital Surgery is essential to a neurosurgeon's skills. The combination of minimally invasive technique, and the added benefits of clear visualization and advanced technology, should be very interesting for the next generation of neurosurgeons.

This workshop offers a combination of essential material for those new to the field, and advanced material for expert users. We will cover the crucial full-endoscopic supraorbital technique extended to middle fossa, and the endoscopic lateral orbital technique extended to middle fossa.

**Instructors**

1. Takeo Goto - Japan
2. Roland sidabutar - Indonesia
3. Irwan Barlian Immadoel Haq - Indonesia
2. Selfy Oswari - Indonesia
3. Zainy Hamzah - Indonesia
4. Donny Wisnu - Indonesia

# ABSTRACT SUBMISSION GUIDELINE

## General Guidelines

- Abstracts must be submitted and presented in English.
- You should only submit work if you, or a designee, are committed to registering for and attending the Congress to give your Oral or E-Poster presentation.
- Registration is not mandatory in the submission process; however, all Presenting Authors must register for the Congress deadline by June 1<sup>st</sup>, 2024, otherwise, the abstract will not be included in the final Congress program.
- There is no limit to the number of abstracts you may submit, however, the Abstract Selection Committee aims to achieve a wide geographic spread of presenters.
- There are 2 presentation types: Oral and E-Poster. You may indicate your preference, but the Abstract Selection Committee will make the final format determination.
- Abstracts cannot contain advertising, trade names, or product group messages. Please use generic names or terms in your abstract content.

## Information Required to Complete a Submission

Submitting Author: The author that submits the abstract, to whom all correspondence will be addressed and sent. The Submitting Author is assumed to be the Presenting Author unless otherwise indicated.

- Title (maximum 20 words)
- Keywords (maximum 4)
- Abstract body (maximum 300 words, including the following sections)
- Objectives: At least 2 clear and measurable objectives
- Background: A brief statement on why the study was conducted
- Methods: The methods of study or experimental approach must be briefly defined
- Results: A summary of the study results, including sufficient detail to support the conclusions
- Conclusions: A statement explaining the significance of the study and its implications for further research
- Authors (maximum 11): Include full names with institution and country
- Preferred Presentation Type: You may indicate your preferred presentation type– Oral or E-Poster – but the Abstract Selection Committee will make the final format determination
- Disclose conflict of interest and accept terms and conditions

## Editing

Abstracts may be edited until the submission deadline. After that, no changes in content or co-authors may be made. Once the review process begins, no changes to submissions are allowed – no exceptions.

Please note that any typographical or spelling errors, improperly formatted titles, etc., WILL NOT be edited by anyone at the Organizing Committee. It is the responsibility of the Submitting Author to review and verify all work submitted.

## Abstract Selection

Abstracts will be reviewed by the Scientific Committee to ensure that high-quality scientific submissions are selected for presentation at the Congress. The following criteria will be used to accept the abstracts:

- Significance of the abstract for neurosurgery
- Innovativeness of ideas, methods, and/or approach
- The Rigor of methods and approach (analytical design for research, systematic approach for practice and/or policy)
- Presentation of empirical findings (not applicable if the abstract does not present empirical research)
- Implications identified for future research, practice, and/or policy
- Clarity of writing

Notification of the Abstract Selection Committee's decision will be sent by May 19<sup>th</sup>, 2024 via email to the Submitting Author, regardless of the outcome.

### Registration/Attendance Requirement

The Presenting Author (Oral or E-Poster) must register for and attend the Congress. Registration must be completed by June 1<sup>st</sup>, 2024. If a Presenting Author does not register by the deadline, all accepted abstracts by that Presenting Author will be removed from the program.

If the originally designated Presenting Author is unable to attend the Congress, a "Change of Presenting Author Form" (request from [ins-aosbs@pharma-pro.com](mailto:ins-aosbs@pharma-pro.com)) must be completed and submitted by June 1<sup>st</sup>, 2024.

The new Presenting Author must then fulfill the registration requirement, or the abstract will be removed from the program. No changes will be made without receipt of the completed Change of Presenting Author Form, including updated disclosure information.

After the changes, all correspondence will then be addressed and sent to the new Presenting Author.

### Need Assistance?

Please contact the Program Secretariat at [ins-aosbs@pharma-pro.com](mailto:ins-aosbs@pharma-pro.com) with any inquiries

## GRANT FROM ASTRA FOUNDATION

The Committee and Educational Fund have been established to support neurological surgery residents, trainees, and young neurosurgeons practicing in underserved communities by helping to defray their costs for attending this meeting. A selection committee comprising representative(s) of the INS will determine the award recipients.

Recipients of the grant will receive the following support:

Complimentary conference registration, including access to the gala dinner.

Workshop discounts: Rp1,000,000 for cadaveric workshops and Rp500,000 for other workshops.

Accommodation for four nights on a twin-sharing basis.

Recipient criteria:

Indonesian neurosurgeons and neurosurgery residents, preferably young neurosurgeons under 45 years old with less than five years of experience, practicing in remote areas.

Foreign neurosurgeons and neurosurgery residents, preferably young neurosurgeons under 45 years old with less than five years of experience, practicing in developing countries as listed below:

Please submit the following documents to the congress secretariat at [ins-aosbs@pharma-pro.com](mailto:ins-aosbs@pharma-pro.com) or via <https://aosbs-ins2024.org/submission/#submission> before **May 7<sup>th</sup>, 2024**:

1. A letter of application explaining why you are a suitable candidate for the grant.
2. An abstract with a maximum of 300 words.
3. A scan of your identification document: passport page with photograph or KTP (for Indonesian)

# REGISTRATION AND ACCOMMODATION INFORMATION
